1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the Abstract:

Line 3, after " across-linking agent", insert --and bismuth hydroxide--.

In the Claims:

Cancel non-elected claims 5-9 without prejudices to the filing of a divisional application.

3. The following is an examiner's statement of reasons for allowance: Because of the amendment of November 3, 2003 to the independent claim 1, which amends

claim 1 to clearly distinguish from the prior art of record, and because of the Ikenoue Declaration also filed on November 3, 2003, which shows the result in improvement gloss and smoothness of the resulting multi-layer coating film from the use of a cationic electrodeposition coating composition containing bismuth hydroxide in a multi-layer coating film forming method as claimed in claims 1-3 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
